- **HTML5**
- **CSS3**
- **Responsive Web Design**
- **Flexbox**
- **CSS Grid**
- **Forms**
- **Semantic HTML**

02. Modern JavaScript

- **Variables & Data Types**

- **Functions**
- **Arrays & Objects**
- **map / filter / reduce**
- **ES6+**
- **Destructuring**
- **Spread / Rest**
- **Modules**
- **Promise**
- **async/await**
- **Fetch API**
- **JSON**

03. Git & GitHub

- **Git basics**
- **Repository**
- **Commit**
- **Branch**
- **Merge**
- **GitHub**
- **Project publishing**

04. React.js Fundamentals

- **React architecture**

- **JSX**
- **Components**
- **Props**
- **Conditional Rendering**
- **Lists**
- **Reusable Components**
- **Vite**

05. React Hooks

- **useState**
- **useEffect**
- **useRef**
- **useContext**
- **useReducer**
- **Custom Hooks**

06. React Forms

- **Form handling**
- **Validation**
- **Error handling**
- **React Hook Form**
- **File input**
- **Image preview**

07. React Router

- Routes
- Link
- Navigation
- Dynamic Routes
- Protected Routes
- 404 Page

08. API Integration

- REST API
- HTTP Methods
- Fetch
- Axios
- Headers
- Query Parameters
- Loading & Error Handling

Practical Projects

- ✓ Personal Portfolio
- ✓ JavaScript API Application
- ✓ Student Registration System
- ✓ Multi-page React Application
- ✓ API-based Product Application

Outcome

Course শেষে student:

- **React application** তৈরি করতে পারবে
 - **API integrate** করতে পারবে
 - **Responsive website** তৈরি করতে পারবে
 - **GitHub-এ project publish** করতে পারবে
 - নিজের **portfolio** তৈরি করতে পারবে
-

COURSE 02

Professional React.js Web Application Development

 **Course Fee: ₹35,000**

 **Duration: 12–18 Months**

 **PROFESSIONAL LEVEL**

 **কর জন্য?**

- **React Foundation** জানা আছে এমন **students**
- **Web Developer** হতে ইচ্ছুক **students**
- **Freelancing** করতে চান
- **Real-world application** তৈরি করতে চান
- **Job-ready portfolio** তৈরি করতে চান

 **Everything in ₹35,000 Course**

PLUS:

Everything in ₹35,000 Course

PLUS:

 **Course Fee: ₹35,000**

 **Duration: 12–18 Months**

09. Advanced CRUD Development

- **Create**
- **Read**
- **Update**
- **Delete**
- **Search**
- **Filter**
- **Pagination**
- **Dashboard**

10. State Management

- **Context API**
- **Redux**
- **Redux Toolkit**
- **Store**
- **Actions**
- **Reducers**

- Slices
- Async Operations

11. Authentication & Authorization

- Registration
- Login
- Logout
- JWT Concept
- Access Token
- Refresh Token
- Protected Routes
- Role-based Access
- User Dashboard
- Admin Dashboard

12. Professional UI Development

- Bootstrap / Tailwind CSS
- Responsive UI
- Dark Mode
- Reusable Components
- Mobile-first Design
- Figma to React
- Professional Folder Structure

13. Advanced React

- **React.memo**
- **useMemo**
- **useCallback**
- **Lazy Loading**
- **Code Splitting**
- **Suspense**
- **Error Boundaries**
- **Environment Variables**
- **Clean Code**

14. Backend Understanding

- **Node.js**
- **Express.js**
- **REST API**
- **Middleware**
- **MongoDB**
- **Mongoose**
- **Database CRUD**

15. File & Image Upload

- **FormData**
- **Image Upload**

- **File Validation**
- **Profile Picture**
- **Product Image**

16. Search & Advanced Data Handling

- **Keyword Search**
- **Category Filter**
- **Price Filter**
- **Sorting**
- **Pagination**
- **Debouncing**
- **Server-side Pagination Concept**

17. Professional Admin Dashboard

- **Sidebar**
- **Navbar**
- **Statistics**
- **Tables**
- **Charts**
- **Notifications**
- **User Management**
- **Product Management**
- **Order Management**

18. Security Awareness

- **XSS Concept**
- **CSRF Concept**
- **CORS**
- **Input Validation**
- **Token Security**
- **Sensitive Data Handling**
- **Secure API Communication**
- **Dependency Security**

19. Debugging & Testing

- **Chrome DevTools**
- **React DevTools**
- **Network Debugging**
- **API Debugging**
- **Jest/Vitest Introduction**
- **React Testing Library**

20. Deployment

- **Production Build**
- **Environment Variables**
- **Hosting**
- **Domain**

- HTTPS
- Vercel
- Netlify
- GitHub

Major Projects

- ✓ Student Management System
- ✓ E-Commerce Application
- ✓ Admin Dashboard
- ✓ Authentication System
- ✓ API-based Application

Final Capstone

React + API + Authentication + Database + Admin Panel + Responsive UI + Deployment

Outcome

Student-এর portfolio-তে থাকবে:

5+ Practical Projects + GitHub Portfolio + Live Deployed Project

COURSE 03

MASTER REACT & FULL-STACK APPLICATION ENGINEERING

CYBERTECH FLAGSHIP PROGRAM

 Course Fee: ₹1,50,000

 **Duration: 12–36 Months or Based on Discason**

 **Limited Seats**

 **Advanced Mentorship Program**

এটি সাধারণ **React course** নয়।

এটি এমন একটি **long-term professional development program**, যেখানে **student**-কে **beginner/experienced level** থেকে **real-world application architect** এবং **professional developer mindset**-এর দিকে নিয়ে যাওয়া হবে।

 **Everything in ₹35,000 Professional Course**

PLUS:

21. Advanced JavaScript Engineering

- **Advanced ES6+**
- **Async Programming**
- **Advanced Array/Object Patterns**
- **Modular Architecture**
- **Error Handling**
- **Performance Concepts**

22. Advanced React Architecture

- **Scalable React Architecture**
- **Feature-based Architecture**
- **Reusable Design Systems**
- **Advanced Custom Hooks**

- **Performance Optimization**
- **Component Architecture**
- **Large Application Structure**

23. Advanced State Management

- **Redux Toolkit**
- **Async State**
- **API State Management**
- **Global Application State**
- **Scalable Store Architecture**

24. Full-Stack Development

Frontend

- **React.js**
- **Advanced UI**
- **Responsive Application**

Backend

- **Node.js**
- **Express.js**
- **REST API**
- **Authentication**
- **Authorization**

- **Middleware**

Database

- **MongoDB**
- **Mongoose**
- **Database Design**
- **Relationships**
- **CRUD**
- **Data Validation**

25. Production Application Development

Student একটি complete production-style application তৈরি করবে:

Frontend → API → Backend → Database → Authentication → Admin Panel → Deployment

26. Advanced Authentication

- **JWT**
- **Access Token**
- **Refresh Token**
- **Role-based Access**
- **Admin/User System**
- **Protected APIs**
- **Session Concepts**

27. Advanced Security

- **XSS**
- **CSRF**
- **CORS**
- **Input Validation**
- **Authentication Security**
- **Authorization**
- **Secure Token Handling**
- **Sensitive Data Protection**
- **Dependency Security**
- **Secure API Design**

28. AI-Assisted Development

CyberTech-এর বিশেষ USP:

- **AI Code Generation**
- **AI Debugging**
- **Error Analysis**
- **Code Refactoring**
- **Component Generation**
- **Documentation Generation**
- **Test Generation**
- **API Documentation Analysis**
- **UI Generation Ideas**

- **Developer Prompt Engineering**

গুরুত্বপূর্ণ:

AI দিয়ে **code copy** নয় — AI ব্যবহার করে একজন **better developer** হওয়া।

29. Real-World Software Development

Student বাস্তব **business problem** নিয়ে **application** তৈরি করবে।

Possible projects:

-  **School Management System**
-  **Institute Management System**
-  **Hospital Management System**
-  **Job Portal**
-  **E-Commerce Platform**
-  **Restaurant Management System**
-  **Coaching Management System**
-  **Business Management System**

30. Professional Development

- **Git & GitHub**
- **Project Documentation**
- **README**
- **Code Organization**
- **Debugging**
- **Testing**

- Deployment
 - Production Build
 - Environment Configuration
 - Live Hosting
-

MASTER CAPSTONE

₹1,50,000 program-এর সবচেয়ে গুরুত্বপূর্ণ অংশ:

একটি COMPLETE REAL-WORLD APPLICATION

যেখানে থাকবে:

React.js

↓

Professional UI

↓

REST API

↓

Node.js / Express

↓

MongoDB

↓

Authentication

↓

Authorization

↓

Admin Dashboard

↓

Testing

↓

Security

↓

Deployment

PREMIUM MENTORSHIP

₹1,50,000 Program-এ:

- ✓ Advanced Project Guidance
 - ✓ Code Review
 - ✓ Architecture Guidance
 - ✓ Debugging Support
 - ✓ Real-world Problem Solving
 - ✓ Project Planning
 - ✓ GitHub Portfolio Guidance
 - ✓ Deployment Guidance
 - ✓ AI Development Workflow
 - ✓ Capstone Project Mentorship
